

Pat Risser:

Core belief driving the man larger than life:
Not only is mental health recovery possible
And beautiful, it should be expected.
Challenging us to think, question, and demand.
Speaking loudly, passionately, powerfully.
Working tirelessly, with dedicated resolve.
One-of-a-kind determined advocate, a hero.
Making empowerment attainable
Even for those unable to speak for themselves.
A lifetime legacy remains, benefitting all.
His voice will never be silenced -----
